What Is TOTA?

Texas Occupational Therapy Association (TOTA) is the state's professional association of Occupational Therapists, Occupational Therapy Assistants, students of Occupational Therapy and retired Occupational Therapists. The primary mission of TOTA is to be responsive to the professional development, information needs, and educational requirements of its members; to advance and improve the practice of occupational therapy for the benefit of the consumers; and to anticipate and respond to the organizational, political, economic, and social features of the health care delivery system at the local, state and national levels.

What is the **TOTA** Annual Conference?

The TOTA Annual Conference draws hundreds of occupational therapy practitioners, students and educators looking for ways to enhance their practice and share their achievements. This yearly event brings together professionals from across Texas and beyond for a week of education, networking and celebration. On average we have about 700 in attendance.

Why **Partner** with **TOTA**?

Meaningful connections with a highly targeted group of occupational therapy professionals and students.

Network, influence, and interact with occupational therapy practitioners, students, educators, recruiters, and distributors all in one place.

Welcome steady traffic at your booth during show hours, including three hours of unopposed time.

Qualified leads from attendees who visit your physical and virtual booths and are interested in learning more.

Who Should Exhibit?

EQUIPMENT SUPPLIERS

Attendees are interested in the latest products available. We have occupational therapists, occupational therapist assistants and students who want to become familiar with equipment that is going to help their clients on the road to recovery.

RECRUITERS

Hearing about new positions for recent graduates to seasoned professionals is one of the benefits of attending our conference.

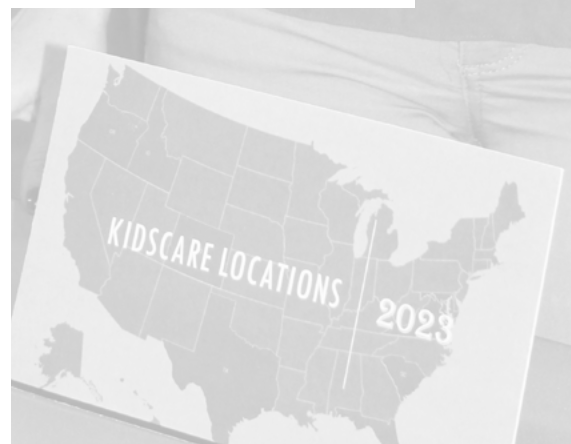

ANCILLARY SERVICES

It takes a number of things to run an OT practice. Our attendees need insurance, billing companies, software and other great resources to help them in their practice.

Any company dedicated to educating, servicing, recruiting, supplying occupational therapists.
