

Lacey Spark

Office - Capital Centex - District Chair

Education

I earned my EdD in 2025, post-professional OTD in 2019, MOT in 2010, and BS in 2008.

Current Employment

I have been working as faculty at the University of St. Augustine for Health Sciences' Austin campus since 2015. My clinical experience includes working in community mental health and older adult settings.

TOTA Involvement

I have served on the Capital Centex District board since summer 2022 as both vice chair and chair during that time.

Position Statement

I would be honored and excited to serve as your Capital Centex District Chair for another term. In my time as your district chair and along with my fellow board members, I have been dedicated to bringing out district together, advocating for OT on the district and state level, working to provide continuing education opportunities for the membership, and giving back to the community. My goal for another term is to keep pushing forward in professional advocacy, building community, supporting OT practitioners, and serving YOU! Thank you for the consideration and opportunity.
